

December 2022

Mr. Sevan Kumar  
Dakshana Scholar (JEE 2021)  
Distt. Rajnandgaon  
Bihar 804453

Dear Sevan,

Congratulations on having been a Dakshana Scholar and for qualifying at the JEE Advanced 2021. Dakshana is focused on poverty alleviation, by awarding comprehensive scholarships for JEE Advanced coaching to gifted, but impoverished students. We believed that you had potential in successfully cracking the JEE Advanced, rightly known as "The toughest exam in the world", and you have indeed proved us right!

We hope you are enjoying being a part of the **IIT Kharagpur**, one of the world's very best engineering institutes. While you have done exceptionally well academically so far, pursuing an education in engineering is tough work and the battle is only half-won! At IIT the competition is intense, and you will need a lot of drive, hard work, and perseverance. Once again, you are not alone in your path to achieve your goal. As a DAAN (Dakshana Alumni Network) member, you will always be a part of Dakshana Family. We stand ready to help in any way and look forward to a lifetime friendship with you.

Dakshana's model is designed to be self-sustaining and scalable. We fully expect that, in the decades ahead, Dakshana will not only be managed, but also predominantly funded by voluntary contributions of time and /or money from alums like you. Please feel free to call us at +91.73918.22002 or email us at [nkadam@dakshana.org](mailto:nkadam@dakshana.org), if we can be of any service.

Wishing you all the best always!

Warm Regards,

Arun Kumar Mishra  
Chief Executive Officer

JEE Coaching provided by Dakshana India Educational Trust Fund at Dakshana Valley from 2020-2021.
